Presentation of the remuneration report for approval (item 14)

The Board of Directors proposes that the Meeting resolves to approve the Remuneration Report for the financial year 2024 that has been prepared and presented by the Board of Directors.

Resolution on LTIP, LTIP 2025 (item 15)

The Board proposes a long-term share incentive plan ("**LTIP 2025**") in the Company in accordance with the below. LTIP 2025 is a five-year performance-based incentive program and is based on the structure of the long-term share incentive plan from 2024.

The objective of LTIP 2025 is to encourage the employees to financially commit to the long-term value growth of VNV Global, and thereby align their interests with those of the shareholders. LTIP 2025 will be an important tool for VNV Global to retain the best talent for the Company, which is vital for the ability to provide long-term value growth for its shareholders.

LTIP 2025 requires that the Meeting, in addition to adopting the new LTIP 2025, resolves (i) to adopt certain amendments to the articles of association of the Company (the "**New Articles**") and (ii) on an issuance of Class C 2025 Shares (defined below) to the participants in LTIP 2025, in accordance with the Board's proposals for the Meeting in items 15(b) and 15(c) below.

Adoption of LTIP 2025 (item 15(a))

Summary of LTIP 2025

Management and certain key employees of VNV Global will be invited to participate in LTIP 2025. Participation requires a personal investment in VNV Global's ordinary shares ("**Investment Shares**"). The size of the personal investment, i.e. the number of Investment Shares that the participant is required to buy, is dependent on the participation allocation of each participant, as determined by the Board.

Based on the participation allocation, the participant will receive reclassifiable, sub-ordinated, incentive shares, Class C 2025 Shares ("**Incentive Shares**"). At the end of the program period, such Incentive Shares will be reclassified into ordinary shares in the Company ("**Ordinary Shares**") or redeemed, depending on to what extent the performance condition has been met. Incentive Shares may also be redeemed in other situations, such as termination of the participant's employment, as set out in the detailed terms below.

Detailed terms and description of LTIP 2025

Participants in LTIP 2025

Seven (7) employees in VNV Global will be entitled to participate in LTIP 2025.

Personal investment condition

In order to participate in LTIP 2025, the participants are required to make a personal investment in Investment Shares, directly or indirectly, when giving notice of their participation in LTIP 2025. The Investment Shares may be either Ordinary Shares acquired specifically for LTIP 2025 or Ordinary Shares the employee already own (which have not earlier been allocated to other incentive programs of the Company).

The Investment Shares shall be acquired no later than on 31 December 2025. The Investment Shares must be retained during the Measurement Period (defined below).

Performance condition and Measurement Period

The number of Incentive Shares that shall be reclassified into Ordinary Shares is based on the level of fulfilment of the performance condition measured over 1 April 2025 – 31 March 2030, where the start value shall be based on the average closing price for the Ordinary Shares during February and March 2025 and the end value shall be based on the average closing price for Ordinary Shares during February and March 2030 (the "**Measurement Period**").

The performance condition is based on the measurement of VNV Global's average annual total shareholder return ("**TSR**") during the Measurement Period. The performance condition has a minimum performance level of 10 percent TSR ("**Entry Level**") and a maximum performance level of 25 percent TSR ("**Stretch Level**").

- If the Entry Level is reached at the end of the Measurement Period, 20 percent of the Incentive Shares will be reclassified into Ordinary Shares.
- If the Stretch Level is reached at the end of the Measurement Period, 100 percent of the Incentive Shares will be reclassified into Ordinary Shares.
- If the TSR at the end of the Measurement Period is between the Entry Level and Stretch Level, between 20-100 percent of the Incentive Shares will be reclassified into Ordinary Shares on a linear basis.

The Incentive Shares that are not reclassified into Ordinary Shares will be redeemed by VNV Global after the Measurement Period.

See the New Articles for more information regarding the performance condition.

Vesting period – employment condition

Reclassification of the Incentive Shares into Ordinary Shares requires that the participant is employed by the VNV Global group (or any associated company as decided by the Board from time to time), throughout a five-year vesting period, ending after release of VNV Global's interim financial report for the period January-March 2030 (the "**Vesting Period**"), whereby (i) 60 percent of the Investment Shares shall vest after the disclosure of VNV Global's interim financial report for the period January – March 2028, (ii) 20 percent of the Investment Shares shall vest after the disclosure of VNV Global's interim financial report for the period January – March 2029, and (iii) 20 percent of the investment Shares shall vest after the disclosure of VNV Global's interim financial report for the period January – March 2030.

General terms and conditions for LTIP 2025

The Incentive Shares shall be governed by the New Articles. Allocation of Incentive Shares is also conditional upon the participants entering into agreements regarding LTIP 2025 (the "**Participation Agreement**").

The main terms and conditions for LTIP 2025 are the following:

- The participants, directly or indirectly, will be entitled to subscribe for Incentive Shares for SEK 0.1016 per Incentive Share (which corresponds to the quota value of the Company's shares).
- If and to the extent the performance condition for reclassification of the Incentive Shares has been fulfilled, the Incentive Shares will be reclassified into Ordinary Shares after the Measurement Period. Upon reclassification, one (1) Incentive Share will be reclassified to one (1) Ordinary Share.
- To the extent that the performance condition for reclassification of the Incentive Share has not been fulfilled, the Incentive Shares will be redeemed by VNV Global after the Measurement Period. In addition, the Board has the right to redeem Incentive Shares at any time if redemption is requested by the participant.
- In order to align the participants' and shareholders' interests, the participants will be compensated for dividends and other value transfers to the shareholders during the Measurement Period. However, such compensation will be paid only if and to the extent the performance condition for reclassification of the Incentive Shares have been fulfilled. In order for such compensation to be linked to the long-term value growth in the VNV Global share, the Board believes that the compensation in LTIP 2025 shall in the first instance be paid with own VNV Global ordinary shares, if possible. The TSR shall also be adjusted for cash dividends, dividends in kind and mandatory share redemption proceeds and corrected for dilutive effects of any share issues. Further, the number of Incentive Shares may change during the Measurement Period due to intervening bonus issues, reverse splits, splits, rights issues and/or other similar events.
- The Participation Agreements will include an irrevocable request from the participant to redeem the participant's Incentive Shares (all or a portion as the case may be):
 - a) all if the participant has not allocated the committed Investment Shares at the latest on 31 December 2025;
 - b) all if the participant transfers, sells, pledges, lends or otherwise disposes of the Investment Shares during the Measurement Period;
 - c) all if the participant transfers, sells, pledges, lends or otherwise disposes of the Incentive Shares at any time prior to reclassification to Ordinary Shares;
 - d) all or a portion, as the case may be, if the participant ceases to be employed by the

VNV Global group, during the Vesting Period, other than in the event of death, disability or retirement; or

- e) in case a redemption is necessary to ensure that LTIP 2025 is compliant with laws and regulations.

The Board may decide to waive the redemption requirement in any particular case.

- VNV Global has a right to reclaim the subsidy (see below), if the participant transfers the Incentive Shares prior to reclassification or redemption of the Incentive Shares.

Participation Allocation

For each Investment Share allocated to LTIP 2025, the participant will be allocated 50 Incentive Shares. LTIP 2025 is proposed to comprise up to 26,000 Investment Shares entitling participants to subscribe for, in aggregate, up to 1,300,000 Incentive Shares, divided between the following categories of participants:

Participant	Investment Shares	Incentive Shares
CEO	13,000	650,000
Other members of management team and key employees	13,000	650,000

The Board will determine the final allocation to each participant based on competence and area of responsibility. The Board may decide to decrease the allocation to the CEO and direct a portion of his allocation to other members of management and key employees.

Class C 2025 Shares and reclassification into Ordinary Shares

A new share class in VNV Global, Class C 2025 Shares (i.e. the Incentive Shares), is proposed to be introduced in accordance with the New Articles.

According to the New Articles, the Incentive Shares, under certain conditions, will be reclassified into Ordinary Shares, which following registration will be admitted to trading on the marketplace where the Ordinary Shares are admitted to trading.

Reclassification of the Incentive Shares into Ordinary Shares will be made after the Measurement Period. The maximum number of Incentive Shares that can be reclassified amounts to 1,300,000. Maximum outcome assumes full participation in LTIP 2025, no personnel turn-over during the Vesting Period, and that the performance condition has been fully met during the Measurement Period (i.e. that the Stretch Level has been achieved).

See the New Articles for more information regarding reclassification conditions.

Information about the outcome of LTIP 2025 will be presented in the Annual Report for 2030.

Costs, scope and effects on key ratios

The Incentive Shares are valued using the Monte Carlo method. The valuation has been made by the Company, using its own input parameters in a model provided by an independent valuation institute (PwC). Based on a price for the Ordinary Share of SEK 16.15 and the market conditions that prevailed on 1 April 2025, the value per Incentive Share has been estimated to be SEK 2.74.

VNV Global will grant a cash subsidy to the participants in LTIP 2025 to compensate for the tax impact arising due to the fact that the subscription price for the Incentive Shares is below fair market value of the Incentive Shares. The cash subsidy will correspond to, and cover, the tax impact for the participant and may also cover the subscription price for the Incentive Shares.

Based on the assumption of full participation in LTIP 2025 (i.e. 1,300,000 Incentive Shares) and a total fair market value of the Incentive Shares of SEK 3.56 million (based on an estimated value per

Incentive Share of SEK 2.74), the total cost for LTIP 2025, including social security costs, is estimated to amount to approximately SEK 6.90 million.

Given that the actual cost for VNV Global will be based on the prevailing price of the Ordinary Shares in connection with subscription of the Incentive Shares, VNV Global's costs may deviate from the estimates set out above.

The maximum dilution due to LTIP 2025 is no more than 1.0 percent in terms of outstanding Ordinary Shares at the time of issuance of the Incentive Shares. The number of Incentive Shares may change during the Measurement Period due to intervening bonus issues, reverse splits, splits, rights issues and/or other similar events.

The costs and dilution are expected to have a marginal effect on VNV Global's key ratios.

Preparation and administration

The Board has prepared LTIP 2025 in consultation with external advisors.

The Board shall be responsible for preparing the detailed terms and conditions of the Participation Agreements, in accordance with the abovementioned terms and the New Articles. To this end, the Board shall be entitled to make adjustments to meet regulatory and tax requirements or market conditions and other minor adjustments. The Board may also make other adjustments, including deciding to amend the number of Incentive Shares that shall be reclassified for all participants, or for certain categories of participants, covered by the LTIP 2025, if significant changes in the VNV Global group or its operating environment would result in a situation where the decided terms and conditions of LTIP 2025 no longer serve their purpose, however, always observing the provisions of the New Articles and any adjustments shall only be made in order to fulfil the main objectives of LTIP 2025.

Information regarding other incentive plans in VNV Global

Please refer to VNV Global's Corporate Governance Report 2024, available on VNV Global's website under the heading "*Corporate Governance*" for information regarding VNV Global's ongoing share or share-price related incentive plans.

Amendment of the Company's articles of association relating to LTIP 2025 (item 15(b))

The Board of Directors proposes that the Meeting resolves to amend § 4 in the Company's articles of association in order to implement LTIP 2025 and enable the issue of the Class C 2025 Shares under LTIP 2025 under items 15(a) and 15(c). The Board's complete proposal regarding articles of association after these amendments is set out in Appendix A to this notice.

Issue of Class C 2025 Shares to the participants (item 15(c))

The Board of Directors proposes that the Meeting resolves on a directed new share issue of Class C 2025 Shares (as defined in the New Articles) to the participants in LTIP 2025. The new share issue of Class C 2025 Shares to the participants in LTIP 2025 is conditional upon the Meeting resolving to amend the articles of association in accordance with item 15(b). Otherwise, the following terms shall apply:

- The issue of new Class C 2025 Shares will increase the share capital of the Company by no more than SEK 132,080 through the issuance of no more than 1,300,000 Class C 2025 Shares.
- The subscription price for each Class C 2025 Share is SEK 0.1016 (which corresponds to the quota value of the Company's shares).
- The participants in LTIP 2025 shall be entitled to subscribe for the Class C 2025 Shares. The allocation shall be determined by the Board of Directors in accordance with LTIP 2025.

- The subscription of the Class C 2025 Shares shall be made by payment in cash, and according to the Company's instructions, after registration of the New Articles, but no later than on 31 October 2025. Oversubscription shall not be permitted.
- The Class C 2025 Shares are subject to the reclassification and redemption clauses in accordance with the New Articles.
- The reason for the proposed deviation from the shareholders' preferential rights, and the basis for setting the subscription price of the Class C 2025 Shares to SEK 0.1016, is that the new share issue of the Class C 2025 Shares is an integral part of the implementation of LTIP 2025. The Board considers that LTIP 2025 will benefit the Company's shareholders as set out in the proposal for LTIP 2025 in item 15(a) above.
- Any share premium shall be transferred to the unrestricted premium reserve.
- The new shares entitle the holder to dividend in accordance with the provisions in the New Articles.

The managing director, or the person appointed by the managing director, is proposed to be authorized to make minor adjustments to the resolution mentioned above, as may be required in connection with the registration of the resolution with the Swedish Companies Registration Office (Sw. *Bolagsverket*).

Authorisation for the Board of Directors to resolve to issue new shares (item 16)

The Board of Directors proposes that the Meeting authorises the Board of Directors to, on one or several occasions, prior to the next Annual General Meeting, with or without deviating from the shareholders' preferential rights, resolve to issue new shares. The Board of Directors shall have the right to resolve that shares shall be paid for with cash, in kind or on conditions set out in Chapter 2 Section 5 Paragraph 1 – 3 and 5 of the Swedish Companies Act (Sw. *aktiebolagslagen*) or that shares shall be subscribed for by way of set-off. The Board of Directors' resolution to issue new shares may increase the Company's share capital to the extent that it corresponds to an increase of the number of ordinary shares outstanding, at the time of the resolution on the authorisation, of not more than 20 percent. The Board of Directors shall have the right to resolve on further conditions that may be suitable and/or necessary in order to perform the share issues.

The reason for authorising the Board to deviate from shareholders' preferential rights is to enable the Company to finance the operations in a fast and efficient way, acquire companies, businesses or parts thereof and to enable a broadening of the ownership of the Company.

Authorisation for the Board of Directors to resolve to repurchase shares (item 17)

The Board of Directors proposes that the Meeting resolves to authorise the Board to decide on the acquisition of the Company's own ordinary shares where, principally, the following shall apply:

1. Acquisition of own ordinary shares shall take place on Nasdaq Stockholm.
2. The authorisation may be utilised on one or several occasions, however not longer than until the next Annual General Meeting.
3. Ordinary shares may be acquired to the extent that the Company's holding of its own shares, on any occasion, does not exceed ten (10) per cent of the Company's total shares.
4. Acquisition of shares may only take place at a price within the price interval, on any occasion, recorded on Nasdaq Stockholm, which refers to the interval between the highest buying price and the lowest selling price.

The purpose of the proposed authorisation is to provide flexibility in relation to the Company's possibilities to return capital to its shareholders, to improve the capital efficiency in the Company, and to enable the Board of Directors to prevent an excessively wide NAV/share price discount in

relation to the Company's shares, which altogether is deemed to be susceptible to have a positive impact on the Company's share price and thereby contribute to an increased shareholder value.

The Board of Directors' statement in accordance with Chapter 19 Section 22 of the Swedish Companies Act will be held available together with the proposal and on the Company's website no later than three weeks prior to the Meeting.

Majority requirements

A resolution in accordance with the Board of Directors' proposal in item 16 and 17 above shall only be valid where supported by not less than two-thirds (2/3) of both votes cast, and the shares represented at the Meeting. A resolution in accordance with the Board of Directors' proposal in respect of item 15(a) requires support by shareholders representing not less than half (1/2) of the votes cast as well as of the shares represented at the Meeting. Resolutions in accordance with the Board of Directors' proposal in respect of item 15(b) requires support by shareholders representing not less than two-thirds (2/3) of the votes cast as well as of the shares represented at the Meeting. A resolution in accordance with the Board of Directors' proposal in respect of item 15(c) requires support by shareholder representing not less than nine-tenths (9/10) of the votes cast as well as of the shares represented at the Meeting. The resolutions under items 15(a)-(c) are conditional upon each other.

Shareholders' right to request information

Shareholders are reminded of their right to, at the Meeting, obtain information from the Board of Directors and CEO in accordance with Chapter 7 Section 32 of the Swedish Companies Act.

Number of shares and votes

There are 135,840,235 shares and 135,840,235 votes outstanding in the Company as per the date of the publication of the notice, of which 111,999 are Class C 2022 Shares entitled to one vote per share, 1,710,000 are Class C 2023 Shares entitled to one vote per share, 1,710,000 are Class D 2023 Shares entitled to one vote per share, 1,300,000 are Class C 2024 Shares entitled to one vote per share and 130,978,236 are ordinary shares entitled to one vote per share. 5 § Emissioner / Issuances

Beslutar bolaget att genom kontantemission eller kvittningsemission ge ut nya aktier av ett, flera eller samtliga aktieslag ska en gammal aktie ge företrädesrätt till ny aktie av samma aktieslag i förhållande till det antal aktier innehavaren förut äger (primär företrädesrätt). Aktier som inte tecknas med primär företrädesrätt ska erbjudas samtliga aktieägare till teckning (subsidiär företrädesrätt). Om inte sålunda erbjudna aktier räcker för den teckning som sker med subsidiär företrädesrätt, ska aktierna fördelas mellan tecknarna i förhållande till det totala antal aktier de förut äger i bolaget. I den mån detta inte kan ske vad avser viss aktie / vissa aktier, sker fördelning genom lottning.

Where the company resolves to issue new shares of one, several or all share classes by way of a cash issue or a set-off issue, one old share shall entitle the holder to preferential rights to one new share of the same class pro rata to the number of shares previously owned by the holder (primary preferential rights). Shares that are not subscribed for pursuant to primary preferential rights shall be offered to all shareholders for subscription (subsidiary preferential rights). Unless shares offered in such manner are sufficient for the subscription which takes place pursuant to subsidiary preferential rights, the shares shall be allotted among the subscribers pro rata to the total number of shares previously owned. Where this is not possible with respect to a particular share(s), shares shall be allotted through drawing of lots. Vad som sagts ovan ska inte innebära någon inskränkning i möjligheten att fatta beslut om kontantemission eller kvittningsemission med avvikelse från aktieägares företrädesrätt. The provisions above shall not entail any restrictions on the possibility for the company to adopt a resolution regarding a cash issue or set-off issue without regard to shareholders' preferential rights.

Vad som föreskrivs ovan om aktieägares företrädesrätt ska äga motsvarande tillämpning vid emission av teckningsoptioner och konvertibler.

The provisions above regarding shareholders' preferential rights shall apply mutatis mutandis to an issue of warrants or an issue of convertible instruments.

Vid ökning av aktiekapitalet genom fondemission ska nya aktier emitteras av varje aktieslag i förhållande till det antal aktier av samma slag som finns sedan tidigare. Därvid ska gamla aktier av visst aktieslag medföra företrädesrätt till nya aktier av samma aktieslag. Vad som nu sagts ska inte innebära någon inskränkning i möjligheten att genom fondemission, efter erforderlig ändring av bolagsordningen, ge ut aktier av nytt slag.

Upon an increase in the share capital by way of a bonus issue, new shares of each class shall be issued pro rata to the number of shares of the same class which are already in existence. In relation thereto, old shares of a particular class shall entitle the holder to preferential rights to new shares of the same class. The aforementioned shall not entail any restrictions on the possibility for the company to issue shares of a new class through a bonus issue, following any necessary amendments to the articles of association.
